**Signature Features**

**Upgrade Your Kitchen with a Built-in Look**
Upgrade your kitchen and get the look of a built-in range, with the fit of a traditional freestanding range. The Frigidaire® front control freestanding range easily fits into a 30” cutout.

**Flexible Five Burner Cooktop**
Get ultimate cooking flexibility with a powerful gas cooktop that has five elements designed to handle all of your cooking needs.

**Quick Boil**
Get meals on the table faster with our 17,000 BTU burner — water boils faster than the traditional setting.

**Continuous Corner-to-Corner Grates**
Continuous Grates make it easy to move heavy pots and pans across burners without lifting.

**Continuous Corner-to-Corner Grates**

Continuous Grates make it easy to move heavy pots and pans across burners without lifting.

**Product Dimensions**

- Height (Max.): 36-5/8”
- Width: 29-7/8”
- Depth (Incl. Handle): 29-3/16”

**More Easy-to-Use Features**

- **Low Simmer Burner**
  Perfect for cooking delicate foods and sauces.

- **One-Touch Self Clean**
  Your oven cleans itself — so you don’t have to. Self-clean options available in 2- and 3-hour cycles.

- **Store-More™ Storage Drawer**
  With the Store-More™ Storage Drawer, you will have extra space to store your cookware.

**Certifications**

- **A.D.A.-Compliant**
  When properly installed, this model is A.D.A.-qualified based on the United States Access Board’s A.D.A./A.B.A. Accessibility Guidelines and the Department of Justice’s 2010 A.D.A. Standards for Accessible Design.

**Burners BTU**

- Right Front: 17,000
- Right Rear: 5,000
- Left Front: 12,000
- Left Rear: 9,500
- Center Extra Zone: 9,500

**Available Colors**

- Stainless
- White
- Black

INSTALLATION SPECIFICATIONS

- Product Shipping Weight (approx.) – 190 Lbs.
- Voltage Rating – 120V / 60 Hz / 5 Amps
- Amps @ 120 Volts = 5.0 Amps
- Always consult local and national electric and gas codes.
- Make sure wall coverings around range can withstand heat generated by range.
- Linoleum or any other synthetic floor covering located beneath range, must be capable of withstanding minimum heat of 90°F above room temperature without shrinking, warping or discoloring. Insulating pad or 1/4”-thick plywood required between range and a carpeted floor.
- Do not obstruct flow of combustion air at oven vent nor around base or beneath lower front panel of range. Range requires fresh air for proper burner combustion.
- Do not install range beneath any downward-blowing, overhead vent hood or air curtain.
- Range ships with 3/4” factory regulator.
- Range is LP Gas convertible. (Optional LP Gas Conversion Kit available.)
- Floor beneath range MUST be solid and level.
- Overhead cabinetry should not exceed a 13” maximum depth.
- Absolute minimum horizontal distance between overhead cabinets installed to either side of appliance must be no less than maximum width of appliance.
- Range can be installed flush to wall with 0” minimum rear clearance.
- Minimum clearance required (from edge of rangetop to nearest combustible wall on either side of range above 36” height) is based on largest burner output rating on cooking surface.
- Allow 30” minimum clearance between top of cooking surface and bottom of unprotected wood or metal overhead cabinet; or 24” minimum clearance when bottom of wood or metal overhead cabinet is protected by not less than 1/4” flame-retardant millboard covered with not less than No. 28 MSG sheet steel, 0.015” stainless steel, 0.024” aluminum or 0.020” cooper.
- To reduce risk of fire when using overhead cabinet, install range hood that projects horizontally a recommended minimum of 5” beyond bottom of cabinets.
- Follow all dimension requirements provided to prevent property damage, potential fire hazard, and incorrect countertop and cabinet cuts.

OPTIONAL ACCESSORIES
- LP Gas Conversion Kit – (PN # GRLP4).

Note: For planning purposes only. Always consult local and national electric, gas and plumbing codes. Refer to Product Installation Guide for detailed installation instructions on the web at frigidaire.com / frigidaire.ca.
