Signature Features

**Effortless™ Temperature Control**
Our air conditioners maintain the preset room temperature, so you will remain comfortable at all times.

**Energy Saver Mode**
Reduce your utility bills in this mode. It cools similarly to central air, with the unit turning on and off at different intervals to ensure the room temperature stays at the set temperature.

**Programmable 24-Hour On/Off Timer**
With the 24-Hour On/Off Timer, you can ensure your home will be cool and comfortable when you want it to be without having to worry about running up your utility bills. The built-in timer allows you to preset the unit to turn on and off in half-hour increments.

**Remote Control**
Offers you the flexibility to control the temperature and fan speed from anywhere in the room.

More Easy-To-Use Features

**Effortless™ Clean Filter**
Our antibacterial filter reduces bacteria, room odors and other airborne particles for a healthier, more comfortable environment.

**SpaceWise® Adjustable Side Panels**
With the Adjustable Side Panels, the side panels will extend to best fit your window.

**Power Cord**
Comes with an extra long three-prong cord — makes extension cords unnecessary.

**Effortless™ Restart**
Automatically resumes operating at its previous settings when power is restored to your unit.

**Clean Filter Alert**
Alert notifies you when your filter needs to be cleaned so you don’t have to keep track of it yourself.

**Ready-Select® Controls**
Easily select options with the touch of a button.
